Evaluation-Ready Architecture: Pre-Pilot Implementation Guide

Capitol Contracts LLC | Version 1.0 | For Pilot Partners & Grant Applicants

1. Program Logic Model

Component	Description
Inputs	Curriculum materials, facilitator training packets, fidelity tools, data collection templates
Activities	18-session delivery, weekly group facilitation, crisis protocol application, peer feedback loops
Outputs	Sessions delivered, attendance logs, facilitator fidelity scores, participant completion rates
Short-Term Outcomes	Increased trauma literacy, improved self-regulation awareness, reduced session attrition
Mid-Term Outcomes	Sustained coping strategy use, decreased crisis incidents, improved peer engagement

2. Metrics Toolkit

Instrument	Purpose	Administration	Source/Attribution
PHQ-9	Depressive symptom tracking	Baseline, Week 8, Post	Kroenke et al. (Public Domain)
GAD-7	Anxiety symptom tracking	Baseline, Week 8, Post	Spitzer et al. (Public Domain)
PCL-5 (Optional)	PTSD symptom monitoring	Baseline, Post	Weathers et al./VA (Public Domain)
Fidelity Rubric	Facilitator adherence to protocol	Session observation/self-check	Capitol Contracts v1.0
Attendance & Incident Log	Engagement & safety tracking	Every session	Capitol Contracts v1.0

3. Data Collection & Governance

- **Consent**: Plain-language participant consent form (template included)
- **Storage**: De-identified, encrypted local/secure cloud storage. No PHI/PII retained by Capitol Contracts unless BAA executed.
- **HIPAA/42 CFR Part 2**: If SUD content is integrated, partner must supply BAA. Curriculum contains no clinical diagnosis/treatment.
- **GPRA Alignment**: Data fields map to SAMHSA reporting categories (enrollment, retention, outcome measures, satisfaction).

4. Evaluation Timeline

Phase	Action	Deliverable
Baseline (Pre-Session 1)	Administer intake surveys, establish cohort baseline	Baseline dataset
Mid-Point (After Session 9)	Fidelity check, attendance review, brief check-in	Mid-course adjustment report
Post (After Session 18)	Administer post-surveys, collect facilitator feedback	Outcome summary dataset
30/60/90-Day Follow-Up (Optional)	Check-in survey or call	Retention & strategy use tracking

5. Pilot Partnership Scope

Capitol Contracts provides at no additional cost during pilot:

- Full curriculum & facilitator packet
- Data collection templates & scoring guides
- Technical support for metric deployment
- Collaborative IRB pathway (if partner seeks publication) Partner provides: cohort access, facilitator availability, secure data storage, compliance review per state scope-of-practice.
